Georama Lassida, Serfaus.

The Georama Lassida at 2,350 meters above sea level opens an insight to the world of geology and archaeology for all explorers and hobby scientists. At its linchpin – the giant excavation area made of sand – various fossils are hidden. Equipped with a shovel and a hand brush, the mission is to find them. That's how searching for fossils becomes a true adventure for the whole family. The Lassida restaurant inspires with a panoramic terrace, homemade wood-fired pizza, Tyrolean culinary delights and homemade ice cream.

Summer Fun Park Fiss.

The Summer Fun Park Fiss, located on the Möseralm, is the perfect playground for everyone who loves action. Zoom through the skies at 90 km/h with the Fisser Flieder. The very brave get their thrills from the Skyswing, which runs at three different levels of difficulty. Starting at Möseralm, the 2.2 km long summer toboggan run "Fisser Flitzer" leads you down to Fiss and holds plenty of surprises. You are in complete control when it comes to braking and accelerating. There are loads of other family attractions to discover: jump tower, trampoline, slacklines, electric cars, water playground, air slide, kids' zoo or the new wooden ball game.

Children's Mine and Golden Man Trail, Fiss.

A giant, called "Golden Man", retreated into the Fiss mountains for some peace and quiet and he grew into the rock. Since then, there has been a seam of gold in the rock – the golden heart of the man. Gnomes dug for the gold until Fulgenz, a brave herdsman, and his friends stopped the evil gnomes. The quarry was converted into a perfect play paradise. This is where mine workers of all ages can enjoy a range of exciting activities, including balancing devices, climbing frames, a labyrinth and an adventure cave tunnel. That's where the Golden Man Trail begins: 11 educational stops packed with lots of surprises await you along this adventure trail. Below the Fisser Joch ridge lies the Schöngampalm restaurants with a children's farm, bike rental and the Almbahn cable car nearby.

Wolfsee lake, Fiss.

The circular path near Fiss winds harmoniously through the gentle, hilly landscape and is well worth a visit – if only possible a feast for the eyes. On the banks of the lake, a top-class sensory experience for adventurous and curious kids. Here they can playfully learn about the behavior and lifestyle of the lynx, wolf and bear.

A pleasant circular hiking trail runs beside the Wode bath with many amazing and relaxing stations. Not far from the Wode bath is the beautiful and quiet secluded location of the Wode tower at an altitude of 1,487 m, which offers a breathtakingly beautiful panoramic view of Ladis, the Inntal and the Kaunertal valley.

Climbing enthusiasts can use climbing nets and ropes to reach the scenic "bird's nests". In addition, kids can test their skills on the climbing tower (top rope) with boulder area in the lower part. Caching Park.

The trendy version of a treasure hunt. Once upon a time, Stone Age men used to throw themselves on their stomachs on the ground to pick up the scent and read the traces of the animals they wanted to hunt. Detectives and inspectors used a magnifying glass to track down evidences. Nowadays, there's geocaching with a smartphone, QR code and lots of technical intricacies. Take your kids on a modern-day scavenger hunt!

With the Wo-Bä-Lu Cache in Fiss, the Bear Cache and Gold Cache Högsee in Serfaus and the Interactive Village Tour in Ladis, the Serfaus-Fiss-Ladis holiday region offers four geo-caching opportunities for all ages. Simply scan the QR code to download the Serfaus-Fiss-Ladis app, where you can find Geocaching in the top left menu.

Stoffl Strudelwurm.

Hello kids, I am Stoffl the Strudelwurm and I'll be joining you in the kids' clubs throughout the 2023 summer season.

Our Hero Stoffl Strudelwurm.

Who is Stoffl Strudelwurm? Where does he live? Can he climb? Does he have friends? Why is he a hero? If you want to learn more about Stoffl Strudelwurm, come and see us! As a souvenir you will get a beautiful Strudelwurm glitter tattoo.

It's summer in the Tyrolean mountains and children are playing by the stream. Suddenly they hear a voice. They think to themselves, who could it be? Then they see Stoffl, a little brown and grey flatworm. The kids are amazed, and they quickly become friends. One day, Stoffl tells them about a climbing competition that he would like to take part in, but he is too scared. The children encourage him, and he ends up joining the climbing competition. Luckily, he overcame his fear to become a hero in a moment of danger!

Action with the whole family at the kids' clubs.

Pirate Rally. During one of his legendary sea voyages, Pirate "Hinkelbein" lost his memory. The only thing he can remember is that he hid a great golden treasure in a deserted bay. With a hand painted map, some hidden and a pirate compass, venture out to find the old message in a bottle.

Can this be true? Balloons that don't want to burst? Exploding surprise eggs? Water as rocket fuel? Discover how the our world works with different exciting experiments.

Martin's Survival Day. We sneak through the forest and overcome obstacles with the volcano game. Then we have to find the right route with our homemade compass and finally make a small fire with a flint, just like in Ötzi's day.

Family craft day in Fiss. Together with mom and dad we will build a Berta car, a Berta clock or a Berta treasure chest in our wood workshop.

Kids' Clubs.

Probably every child dreams of a huge adventure playground with animals, mountains, streams and forests where there's always something new to discover behind each rock. A place where they make lots of new friends and have fantastic fun with them on thrilling excursions, playing exciting games and doing great activities. All this and much more is available at the kids' clubs in Serfaus-Fiss-Ladis.

The kids' clubs Murmli-Club in Serfaus and Mini&Maxi Club in Fiss offer kids many adventures where they can discover and experience lots of exciting new things. Specially trained adventure instructors look after the kids in three age groups so that the holiday remains an unforgettable wonderful experience for each child.
