Berta's Burton Riglet Park

Snowboarding from the age of 4 years!

The Burton "Riglet" allows young children the possibility to start snowboarding as early as age 4 to 6. The "Riglet" is a cable hoist, or rig, that allows the board to be controlled. Now little kids can shred like adults! Service takes place on Mondays after pre-registration.

The Märchen Express

A new dual conveyor belt from Sunkid will more than double the capacity of the the tunnel conveyor belt from the Kinderland to the middle station of the Sonnenbahn gondola. Two conveyor belts under a tunnel - and a very special highlight - the Märchen Express. During this exciting ride, kids and parents alike can guess which fairy tales will be shown in the tunnel. Life-size fairy tale figures across a length of three times 10 meters transform the trip up the conveyor belt into a real adventure.
